

## Artificial Insemination At NEH.

### 2009 SEASON FIXED PRICE PACKAGE.

#### Package for Insemination with **FROZEN SEMEN:**

£315 + VAT

##### **This includes:**

- Endometrial Swab and culture.
- Ultrasound and speculum examinations to ensure insemination at the best time.
- Ovulation agents.
- Insemination.
- Post Insemination checks for Endometritis and its treatment.
- Caslick if required.
- 15 day Pregnancy scan.

If the mare is not in foal after the first cycle the fee is reduced to £280 for the second cycle and £240 for the third cycle.

This package is for mares examined at NEH and does not include EVA bloods, clitoral swabs, sedation or livery. For mares examined at clients premises there will be additional visit/mileage fees incurred. All mares will need to spend a minimum of three days at NEH during oestrus for insemination.

#### Package for Insemination with **CHILLED SEMEN:**

£265 + VAT

##### **This includes:**

- Endometrial Swab and culture.
- Ultrasound and speculum examination to ensure insemination at the best time.
- Ovulation agents.
- Insemination
- Post Insemination checks for Endometritis and its treatment.
- Caslick if required.
- 16 day Pregnancy scan.

If the mare is not in foal after the first cycle the fee is reduced to £230 for the second cycle and £190 for the third cycle.

This package is for mares examined at NEH and does not include EVA bloods, clitoral swabs, sedation, or livery. For mares examined at clients premises there will be additional visit/mileage fees incurred. Mares do not need to stay at NEH and can be inseminated at your premises.
